This month we are celebrating the achievements of women through the history of the Y in recognition of National Women's History Month and International Women's Day on March 8th.

When the YMCA was founded by George Williams in 1844, it was a societal group open only to men. Over time, the YMCA has grown to become an international movement that welcomes all people.

Throughout the Y's 177-year history, some incredible women have helped expand the work of the Y and strengthened the Y's ability to serve communities around the world. We are proud to honor these women as a part of the Y's celebration of National Women's History Month. Please click the link below to learn more.

Our Y gives over \$200,000 a year in scholarships to provide all children and families in our community access to our programs and services regardless of their economic circumstances. We want everyone to enjoy the benefits of a YMCA membership, preschool, afterschool programs, summer camp, swimming lessons, sports and more!

35th Anniversary
Easter House

RAISING FUNDS FOR THE YMCA OF THE TREASURE COAST

Our 2021 winner, Theresa Marett, has dreamt of winning the Easter House since she was a teenage! Every year her parents would buy tickets and they would tour the Easter House with her 8 siblings dreaming which room would be theirs. She and her siblings continued the tradition for 30 years, teasing each other each year about who was going to win. So of coarse when she finally got the call that she had won she didn't believe it and thought her siblings were playing a prank on her!

But win or lose, those tickets are winners for the entire community. That's because the YMCA Easter House project supports youth development, healthy living and social responsibility – the core programs of the YMCA of the Treasure Coast. When you contribute to the Easter House, you contribute to children and families on the Treasure Coast – and everyone is a winner!
